

## Badsley Primary Forest School News

### Autumn 1 2017

This half term Year 2 are thoroughly enjoying their forest school sessions. They have participated in team games, where they have used their communication skills to complete tasks. They have had the opportunity to use natural materials to make dream catchers, friendship bracelets and tripods. Making these items required determination, team work and knowledge of tying knots that had they had learnt earlier in the sessions. They have also begun to learn about and identify native trees and birds.
